# 1. INTRODUCTION

This report summarizes findings from the Arkansas Prevention Needs Assessment Survey (APNA), a survey of 6<sup>th</sup>, 8<sup>th</sup>, 10<sup>th</sup> and 12<sup>th</sup> grade school students, conducted in fall 2023. This survey was available free of charge to all Arkansas public school districts that chose to participate. The survey was designed to assess adolescent substance use and related behaviors, and risk and protective factors that predict these behaviors. In this report, the results are presented for each grade along with the overall results for the State. Table 1.1 provides information on the total number of students and the number of students in the county. Table 1.2 provides information on the number and percent of students at each grade. Table 1.3 provides information on the number and percent of students by sex. Table 1.4 provides information on the number and percent of students by ethnic origin.

The APNA Survey was first administered in fall 2002 and has been administered in the fall of each school year since then. Because trends over time are very important to prevention planning, readers are encouraged to review the results from the previous surveys. By comparing the results of the previous surveys, changes in alcohol, tobacco and other drugs (ATOD) use, rates of antisocial behavior (ASB), and levels of risk and protective factors can be determined for a specific grade. Together, the results of the current and past APNA surveys provide a complete picture of ATOD use, antisocial behavior, and risk and protective factors for students in Arkansas.

## 1.1 The Risk and Protective Factor Model of Prevention

Arkansas uses the Risk and Protective Framework to guide prevention efforts aimed at reducing youth problem behaviors. This framework, developed by J. David Hawkins, PhD, Richard F. Catalano, PhD, and their colleagues at the University of Washington, Social Development Research Group, explains the relationship between risk and protective factors and youth problem behaviors. A total of 15 risk factors and 2 protective factors from this framework were measured in the 2023 APNA survey.

Risk and protective factor-focused prevention is based on a simple premise: To prevent a problem from happening, we need to identify the factors that increase the risk of that problem developing and then find ways to reduce the risks. Just as medical researchers have found risk factors for heart attacks such as diets high in fats, lack of exercise, and smoking, a team of researchers, the Social Development Research Group (SDRG), at the University of Washington, have defined a set of risk factors for drug abuse. The research team also found that some children exposed to multiple risk factors manage to avoid behavior problems later even though they were exposed to the same risks as children who exhibited behavior problems. Based on research, they identified protective factors and processes that work together to buffer children from the effects of high risk exposure and lead to the development of healthy behaviors.

Risk factors include characteristics of school, community, and family environments, as well as characteristics of students and their peer groups that are known to predict increased likelihood of drug use, delinquency, and violent behaviors among youth<sup>1</sup>.

<sup>1</sup>Hawkins, Catalano & Miller, 1992; Hawkins, Arthur & Catalano, 1995; Brewer, Hawkins, Catalano & Neckerman, 1995

## 1.2 The COVID-19 Pandemic Impact on the APNA Survey

In fall 2023, schools and districts across Arkansas and the United States returned to in-person classroom instruction. However, the impact of COVID-19 on the teaching environment as well as the health and mental health of students continues to be assessed for short- and long-term academic achievement and developmental growth. Statewide survey participation rates continued to be lower than pre-pandemic survey years, survey participation for this current year (2023) decreased compared with 2022 resulting in 14.0% less valid surveys (47,695 vs 55,449, respectively).

As you read and make use of the data in this report, please keep in mind the following guidelines for comparing multi-year data. The COVID-19 pandemic influenced data collection and, more importantly, student behaviors during the 2020, 2021 and 2022 reporting periods.

1. Comparisons between 2023 and previous years should be assessed with caution; for counties with low levels of responses, the results can be interpreted as trends that can be verified with future data.
2. The specific participating schools in each county are often different between years; comparisons between annual data should consider this differential.
3. For most counties, the data remain reliable and representative of general substance use and other behaviors of the students in your county.

For the 2023 APNA, these items on student perspectives were removed: safety for returning to school during the pandemic; preference for online vs. learning in school; remote access to school services; relationships and homelife during the pandemic; social distancing practices; and feelings of depression during the pandemic.

## 2. HOW TO READ THE CHARTS AND TABLES

1. Student responses for risk and protective factors, substance use and antisocial behavior questions are displayed by grade on the following pages.
2. Risk and Protective factors are grouped into 4 domains: community, family, school, and peer-individual.
3. Vertical bars represent the percent of students in the grade who reported elevated risk or protection, substance use, antisocial behaviors or school safety concerns.
4. Scanning across these charts, you can easily determine which factors are most (or least) prevalent, thus identifying which are the most important for your community to address.
5. The charts show 2 bars for each data point representing 2 years of data with the most current year in red on the right and the previous year in blue to the left. Those bars will be complemented by a small dash. The dash shows the comparison from the state and provides additional information for you in determining the relative importance of each risk or protective factor.
6. A dashed line on each risk and protective factor chart represents the percentage of youth at risk or with protection for the seven state sample upon which the cut-points were developed. The seven states included in the norm group were Colorado, Illinois, Kansas, Maine, Oregon, Utah and Washington.
7. Brief definitions of the risk and protective factors can be found following the graphs.
8. The tables provide more detailed information and are broken down by grade level. The combined category consists of all the grade levels represented in this report combined together (ie. if the report is based on 10<sup>th</sup> and 12<sup>th</sup> graders then the combined category will be all the 10<sup>th</sup> and 12<sup>th</sup> graders combined). For the tables on substance use, some substances also have a comparison to the Monitoring the Future (MTF) data. Monitoring the Future is an annual federally funded national survey of substance use across the country for students in grade 8, 10 and 12. For some substances and for some years or some grades, there is no corresponding MTF data. More information can be found at <https://www.drugabuse.gov/drug-topics/trends-statistics/monitoring-future>
9. The following abbreviations are sometimes used in the tables and charts due to space constraints:

**ATOD** stands for Alcohol, Tobacco and Other Drug Use.

**ASB** stands for Antisocial Behaviors.

**PSI** stands for Prosocial Involvement.

**MTF** stands for Monitoring the Future.

### Substances and Prevalence Periods Measured by APNA

Arkansas youth reported on use of 16 ATOD substances: alcohol, cigarettes, smokeless tobacco, any vaping, marijuana, inhalants, hallucinogens, cocaine, methamphetamines, ecstasy, steroids, heroin, prescription drugs, over-the-counter drugs, alcopops, and CBD products. This report carries multi-year trend data, comparing this year's survey findings to up to four previous years of data gathered using similar survey questions.

A few substances have been added and removed throughout the years to reflect current usage trends. In 2012, synthetic marijuana (later removed in 2021) and bath salts (later removed in 2023) were added; e-cigarettes were added in 2014; steroids and vaping products were added in 2020; and CBD products were added in 2021. In 2023, wording for 30-day and lifetime use surrounding "heroin and other opiates" was updated to "used heroin or other illicitly manufactured opioids including fentanyl."

Data on lifetime vs. past 30-day substance use is also included in this report. Lifetime use (ever used), when students report having used a substance at least once, is typically viewed as a measure of youth experimentation of ATOD. In contrast, past 30-day use, when students report that they have used a substance at least once in the past 30 days, is viewed as the best measure of ongoing or current use of ATOD. For alcohol use, binge drinking is measured using a two-week prevalence period. Vaping product use is reported by frequency and amount used.

Table 2.1: Risk and Protective Factor Scale Definition

Community Domain Risk Factors	
<b>Transitions and Mobility</b>	Research has shown that transitions from school to school may be accompanied by significant increases in rates of drug use, school dropout and antisocial behavior.
<b>Perceived Availability of Drugs</b>	The availability of cigarettes, alcohol, marijuana, and other illegal drugs has been related to the use of these substances by adolescents.
<b>Perceived Availability of Handguns</b>	The availability of handguns has also been related to the use of these substances by adolescents.
Family Domain Risk Factors	
<b>Poor Family Management</b>	Parents' use of inconsistent and/or unusually harsh or severe punishment with their children places them at higher risk for substance use and other problem behaviors. Also, parents' failure to provide clear expectations and to monitor their children's behavior makes it more likely that they will engage in drug abuse whether or not there are family drug problems.
<b>Family History of Antisocial Behavior</b>	When children are raised in a family with a history of problem behaviors (e.g., violence or ATOD use), the children are more likely to engage in these behaviors.
<b>Parental Attitudes Favorable Toward Drug Use</b>	In families where parents use illegal drugs, are heavy users of alcohol, or are tolerant of children's use, children are more likely to become drug abusers during adolescence. The risk is further increased if parents involve children in their own drug (or alcohol) using behavior, for example, asking the child to light the parent's cigarette or get the parent a beer from the refrigerator.
<b>Parental Attitudes Favorable Toward Antisocial Behavior</b>	In families where parents are tolerant of their child's antisocial behavior (i.e. fighting, stealing, defacing property, etc.), children are more likely to become drug abusers during adolescence.
School Domain Risk Factors	
<b>Poor Academic Performance</b>	Beginning in the late elementary grades (grades 4-6) academic failure increases the risk of both drug abuse and delinquency. It appears that the experience of failure itself, for whatever reasons, increases the risk of problem behaviors.
<b>Low School Commitment</b>	Surveys of high school seniors have shown that the use of hallucinogens, cocaine, heroin, stimulants, and sedatives or non-medically prescribed tranquilizers is significantly lower among students who expect to attend college than among those who do not. Factors such as liking school, spending time on homework, and perceiving the coursework as relevant are also negatively related to drug use.

*continued on the next column*

Risk and Protective Factor Scale Definition (continued)

School Domain Protective Factors	
<b>Opportunities for Prosocial Involvement</b>	When young people are given more opportunities to participate meaningfully in important activities at school, they are less likely to engage in drug use and other problem behaviors.
<b>Rewards for Prosocial Involvement</b>	When young people are recognized and rewarded for their contributions at school, they are less likely to be involved in substance use and other problem behaviors.
Individual/Peer Risk Factors	
<b>Early Initiation of Drug Use</b>	Early onset of drug use predicts misuse of drugs. The earlier the onset of any drug use, the greater the involvement in other drug use and the greater frequency of use. Onset of drug use prior to the age of 15 is a consistent predictor of drug abuse, and a later age of onset of drug use has been shown to predict lower drug involvement and a greater probability of discontinuation of use.
<b>Early Initiation of Antisocial Behavior</b>	Early onset of antisocial behaviors such as being suspended from school, arrests, carrying handguns, fighting, etc. makes young people more likely to be involved in substance abuse.
<b>Attitudes Favorable Toward ATOD Use</b>	During the elementary school years, most children express anti-drug, anti-crime, and pro-social attitudes and have difficulty imagining why people use drugs. However, in middle school, as more youth are exposed to others who use drugs, their attitudes often shift toward greater acceptance of these behaviors. Youth who express positive attitudes toward drug use are more likely to engage in a variety of problem behaviors, including drug use.
<b>Favorable Attitudes Toward Antisocial Behavior</b>	During the elementary school years, most children express anti-drug, anti-crime, and pro-social attitudes and have difficulty imagining why people engage in antisocial behaviors. However, in middle school, as more youth are exposed to others who engage in antisocial behavior, their attitudes often shift toward greater acceptance of these behaviors. Youth who express positive attitudes toward antisocial behavior are more likely to engage in a variety of problem behaviors, including antisocial behavior.
<b>Low Perceived Risks of Drug Use</b>	Young people who do not perceive drug use to be risky are far more likely to engage in drug use.
<b>Peer Rewards for Antisocial Behavior</b>	Young people who receive rewards for their antisocial behavior are at higher risk for engaging further in antisocial behavior and substance use.

## 4. AGE OF INITIATION

The Age of Initiation Profile looks specifically at student responses to the questions "How old were you when you first ...". The questions cover both first incidences of drug use (marijuana, cigarettes, alcohol, and regular use of alcohol) and first incidences of antisocial behaviors (suspension, arrest, carrying a gun, attacking someone and belonging to a gang). Possible responses to these questions range from age 10 to age 17 or the student can respond to the question with "Never". The average age figures are based only on those students who responded to the question with an answer other than "Never".

## 5. STUDENT TOBACCO USE, EXPERIENCES AND PREVENTION SERVICES

Tobacco use is the leading preventable cause of death in the United States.

Arkansas youth typically have higher rates of tobacco use, including both cigarettes and smokeless tobacco, than the national average. Higher tobacco prevalence rates are common across the southeastern United States. This is due to a variety of cultural and economic factors that have traditionally supported greater tobacco use. The following table shows the results of the lifetime and past 30 day use of cigarettes, chewing tobacco and vaping nicotine.

Table 5.1: Cigarettes - Lifetime Use

## 6. STUDENT ELECTRONIC VAPOR PRODUCT USE AND EXPERIENCES

Surveillance on the growing popularity of the use and effects of products linked to vaping is an important area of study for educators across the country. Electronic cigarettes and vaping products (such as vaporizers, vape pens, hookah pens, electronic pipes) began emerging throughout US communities in 2006-2007<sup>2</sup> and appeared in schools several years later.

In 2014, Arkansas introduced its first series of questions on lifetime use of e-cigarettes, e-cigars, and e-hookahs on the APNA questionnaire. At that time, students reported age of initiation at aged 14.5 years and e-cigarette use was reported by 18.7% of all students surveyed (Grades 8, 10, 12), with more than a third (37.3%) of 12<sup>th</sup> graders reporting use in 2014. By 2019, age of initiation of e-cigarette had declined to age 13.8 years; in addition, 24.7% of all students reported using e-cigarettes and, among 12<sup>th</sup> graders, 41.5% said they used e-cigarettes, e-cigars or e-hookahs.

For the 2020 APNA survey, the question, "used e-cigarettes, e-cigars or e-hookahs (vaping)" was modified to "used a vaping product like e-cigarettes, e-cigars, or e-hookahs" to capture the wider variety of products now available. In addition, new items have been added. Some vaping-related questions ask students about types of substances vaped: nicotine, marijuana, and flavoring; other questions ask about ease of getting substances and devices for vaping and reasons for vaping.

As shown for other questions on frequency of use, results from these questions are reported by grade level, total student responses, and total student responses compared with state levels of student use. With these results in hand, Arkansas' educators and administrators will be prepared to address what appears to be a rising tide of vaping among its students.

---

<sup>2</sup>Obisesan OH, Mirbolouk M, Osei AD, et al. Association between e-cigarette use and depression in the Behavioral Risk Factor Surveillance System, 2016-2017. *JAMA Netw Open.* 2019;2(12):e1916800. doi:10.1001/jamanetworkopen.2019.16800

## 7. STUDENT MENTAL HEALTH

The 2023 APNA asked students six questions from the Kessler-6 (K6) model <sup>3</sup>, which has been validated to assess these student feelings: sad, nervous, restless or fidgety, hopeless, everything is an effort, worthless <sup>4</sup>. Students can respond to the questions using four response items ranging from "none of the time" to "all of the time." To calculate the scale reported herein, the six item responses were coded and summed to yield a number between zero and 24. The resulting scale has demonstrated excellent internal consistency and reliability (Cronbach's alpha = 0.89) <sup>3</sup> and the K6 has been shown to be a valid and reliable measure of mental distress among youth. <sup>5 6</sup>.

Results from these questions can provide a population-level assessment of the mental health of students. For example, findings can point to the percentage of students who may be at-risk for depression. In this report, student data are presented by grade for male / female responses. Three categories, low, middle, and high risk are shown to assist in quickly identifying areas of concern and need for programming.

## 8. CORE MEASURES OF THE DRUG-FREE COMMUNITIES PROGRAM

The Drug-Free Communities Support Program, administered by the Center for Substance Abuse Prevention, requests specific data which is typically referred to as the Core Measures of which there are currently four (30-Day Use, Perception of Risk, Parental Disapproval and Friends Disapproval). The drug categories measured are tobacco, alcohol, marijuana and prescription drugs. The first set of four tables found on the following page examines these measures broken down by grade level. The second set of four tables examines these measures broken down by gender. The meaning of the *pct* column will vary with each table and is described below. The *n* column represents the number of students who responded to the question (i.e. sample size).

**Past 30-Day Use** The question "*On how many occasions (if any) have you ... in the past 30 days?*" is used to measure this statistic by reporting the percentage of students who report any use in the past 30 days.

**Perception of Risk** The question "*How much do you think people risk harming themselves (physically or in other ways) if they ...?*" is used to measure this statistic by reporting the percentage of students who report that using the drug is a "*Moderate Risk*" or a "*Great Risk*" to their health.

**Perception of Parental Disapproval** The question "*How wrong do your parents feel it would be for you to ...?*" is used to measure this statistic by reporting the percentage of students who report that parents would feel it is "*Wrong*" or "*Very Wrong*" to use tobacco, alcohol and marijuana.

**Perception of Friends Disapproval** The question "*How wrong do your friends feel it would be for you to ...?*" is used to measure this statistic by reporting the percentage of students who report that friends would feel it is "*Wrong*" or "*Very Wrong*" to use tobacco, alcohol and marijuana.

## Arkansas Prevention Needs Assessment Student Survey

1. Thank you for agreeing to participate in this survey. The purpose of this survey is to learn how students in our schools feel about their community, family, peers, and school. The survey also asks about health behaviors.
2. **The survey is completely voluntary and anonymous. DO NOT put your name on the questionnaire.**
3. This is not a test, so there are no right or wrong answers. We would like you to work quickly so you can finish.
4. All of the questions should be answered by completely filling in one of the answer spaces. If you do not find an answer that fits exactly, use the one that comes closest. If any question does not apply to you, or you are not sure what it means, just leave it blank. You can skip any question that you do not wish to answer.
5. For questions that have the following answers: **NO! no yes YES!**  
 Mark (the BIG) **YES!** if you think the statement is **DEFINITELY TRUE** for you.  
 Mark (the little) **yes** if you think the statement is **MOSTLY TRUE** for you.  
 Mark (the little) **no** if you think the statement is **MOSTLY NOT TRUE** for you.  
 Mark (the BIG) **NO!** if you think the statement is **DEFINITELY NOT TRUE** for you.

**Example: Chocolate is the best ice cream flavor.**  
 NO!  no  yes  YES!

In the example above, that student marked "yes" because he or she thinks the statement is mostly true.

6. **Please mark only one answer for each question, unless otherwise directed, by completely filling in the oval with a #2 pencil.**

1. Are you:

- Male  Female

2. How old are you?

- 10 or younger  15  
 11  16  
 12  17  
 13  18  
 14  19 or older

3. What grade are you in?

- 6th  10th  
 7th  11th  
 8th  12th  
 9th

4. Are you Hispanic or Latino/Latina?

- No  Yes

5. What is your race? (Choose all that apply.)

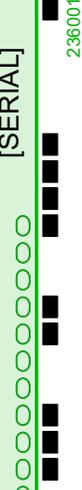

- Black or African American  
 Asian  
 American Indian  
 Alaska Native  
 White  
 Native Hawaiian or Other Pacific Islander  
 Other

6. Think of where you live most of the time. Which of the following people live there with you? (Choose all that apply.)

- Mother  Grandfather  
 Stepmother  Uncle  
 Foster Mother  Other Adults  
 Grandmother  Brother(s)  
 Aunt  Stepbrother(s)  
 Father  Sister(s)  
 Stepfather  Stepsister(s)  
 Foster Father  Other Children

PLEASE DO NOT WRITE IN THIS AREA

[SERIAL]

**The next questions ask about your experiences at school.**

	No	Yes
7. In my school, students have lots of chances to help decide things like class activities and rules.	<input type="checkbox"/>	<input type="checkbox"/>
8. Teachers ask me to work on special classroom projects.	<input type="checkbox"/>	<input type="checkbox"/>
9. My teacher(s) notices when I am doing a good job and lets me know about it.	<input type="checkbox"/>	<input type="checkbox"/>
10. There are lots of chances for students in my school to get involved in sports, clubs, and other school activities outside of class.	<input type="checkbox"/>	<input type="checkbox"/>
11. There are lots of chances for students in my school to talk with a teacher one-on-one.	<input type="checkbox"/>	<input type="checkbox"/>
12. I feel safe at my school.	<input type="checkbox"/>	<input type="checkbox"/>
13. The school lets my parents know when I have done something well.	<input type="checkbox"/>	<input type="checkbox"/>
14. My teachers praise me when I work hard in school.	<input type="checkbox"/>	<input type="checkbox"/>
15. Are your school grades better than the grades of most students in your class?	<input type="checkbox"/>	<input type="checkbox"/>
16. I have lots of chances to be part of class discussions or activities.	<input type="checkbox"/>	<input type="checkbox"/>

**17. Now thinking back over the past year in school, how often did you:**

	Never	Sometimes	Often	Almost always
a. enjoy being in school?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. hate being in school?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. try to do your best work in school?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

**18. How often do you feel that the school work you are assigned is meaningful and important?**

- Never
- Rarely
- Sometimes
- Often
- Almost always

**19. Putting them all together, what were your grades like last year?**

- Mostly F's
- Mostly D's
- Mostly C's
- Mostly B's
- Mostly A's

**20. How important do you think the things you are learning in school are going to be for your later life?**

- Very important
- Quite important
- Fairly important
- Slightly important
- Not at all important

**21. During the LAST FOUR WEEKS how many whole days of school have you missed because you skipped or "cut"?**

- None
- 1
- 2
- 3
- 4-5
- 6-10
- 11 or more

**The next questions ask about your feelings and experiences in other parts of your life.**

	No or very little chance	Little chance	Some chance	Pretty good chance	Very good chance
22. What are the chances you would be seen as cool if you:	<input type="checkbox"/>				
a. smoked cigarettes?	<input type="checkbox"/>				
b. worked hard at school?	<input type="checkbox"/>				
c. began drinking alcoholic beverage regularly, that is, at least once or twice a month?	<input type="checkbox"/>				
d. defended someone who was being bullied?	<input type="checkbox"/>				
e. smoked marijuana?	<input type="checkbox"/>				
f. carried a handgun?	<input type="checkbox"/>				
g. used a vaping product like e-cigarettes, e-cigars, or e-hookahs?	<input type="checkbox"/>				
h. bullied someone or cyberbullied someone?	<input type="checkbox"/>				

**23. How old were you when you first:**

	Never	10 or younger	11	12	13	14	15	16	17 or older
a. smoked marijuana?	<input type="checkbox"/>								
b. smoked a cigarette, even just a puff?	<input type="checkbox"/>								
c. had more than a sip or two of beer, wine, or hard liquor (for example, vodka, whiskey, or gin)?	<input type="checkbox"/>								
d. began drinking alcoholic beverages regularly, that is, at least once or twice month?	<input type="checkbox"/>								
e. How old were you when you first: used Respirozine (rez, pyro)?	<input type="checkbox"/>								
f. got suspended from school?	<input type="checkbox"/>								
g. got arrested?	<input type="checkbox"/>								
h. carried a handgun?	<input type="checkbox"/>								
i. used a vaping product like e-cigarettes, e-cigars, or e-hookahs?	<input type="checkbox"/>								
j. used prescription drugs not prescribed to you?	<input type="checkbox"/>								

	Not at all wrong	A little bit wrong	Wrong	Very wrong
24. How wrong do you think it is for someone your age to:				
a. steal anything?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b. pick a fight with someone?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c. attack someone with the idea of seriously hurting them?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
d. stay away from school all day when their parents think they are at school?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
e. drink beer, wine, or hard liquor (for example, vodka, whiskey, or gin) regularly?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
f. take a handgun to school?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
g. smoke cigarettes?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
h. smoke marijuana?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
i. use prescription drugs or non-prescription drugs for the purpose of getting high?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
j. use bath salts?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
k. use LSD, cocaine, amphetamines or another illegal drug?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
l. use a vaping product like e-cigarettes, e-cigs, or e-hookahs?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

	No risk	Slight risk	Moderate risk	Great risk	Can't say, drug unfamiliar
28. How much do you think people risk harming themselves (physically or in other ways) if they:					
a. smoke one or more packs of cigarettes per day?	<input type="radio"/>				
b. try marijuana once or twice?	<input type="radio"/>				
c. smoke marijuana once or twice a week?	<input type="radio"/>				
d. take one or two drinks of an alcoholic beverage (beer, wine, liquor) nearly every day?	<input type="radio"/>				
e. have five or more drinks of an alcoholic beverage once or twice a weekend?	<input type="radio"/>				
f. use prescription drugs that are not prescribed to them?	<input type="radio"/>				
g. use non-prescription drugs to get high?	<input type="radio"/>				
h. use a vaping product like e-cigarettes, e-cigs, and e-hookahs?	<input type="radio"/>				
i. vape an e-liquid with nicotine occasionally?	<input type="radio"/>				
j. vape an e-liquid with nicotine regularly?	<input type="radio"/>				
k. use heroin?	<input type="radio"/>				
l. use methamphetamines?	<input type="radio"/>				

	Never	1 or 2 times	3 to 5 times	6 to 9 times	10+ times
25. How many times in the past year (12 months) have you:					
a. been suspended from school?	<input type="radio"/>				
b. carried a handgun?	<input type="radio"/>				
c. sold illegal drugs?	<input type="radio"/>				
d. stolen anything?	<input type="radio"/>				
e. participated in clubs, organizations or activities at school?	<input type="radio"/>				
f. been arrested?	<input type="radio"/>				
g. attacked someone with the idea of seriously hurting them?	<input type="radio"/>				
h. been drunk or high at school?	<input type="radio"/>				
i. taken a handgun to school?	<input type="radio"/>				
j. used a vaping product like e-cigarettes, e-cigs, or e-hookahs?	<input type="radio"/>				

29. Have you ever used smokeless tobacco (chew, snuff, plug, dipping tobacco, or chewing tobacco)?	<input type="radio"/> Never	<input type="radio"/> Once or twice	<input type="radio"/> Once in a while but not regularly	<input type="radio"/> Regularly in the past	<input type="radio"/> Regularly now		
30. How often have you used smokeless tobacco during the past 30 days?	<input type="radio"/> Not at all	<input type="radio"/> Once or twice	<input type="radio"/> Once or twice per week	<input type="radio"/> Three to five times per week	<input type="radio"/> About once a day	<input type="radio"/> More than once a day	
31. Have you ever smoked cigarettes?	<input type="radio"/> Never	<input type="radio"/> Once or twice	<input type="radio"/> Once in a while but not regularly	<input type="radio"/> Regularly in the past	<input type="radio"/> Regularly now		
32. How frequently have you smoked cigarettes during the past 30 days?	<input type="radio"/> Not at all	<input type="radio"/> Less than one cigarette per day	<input type="radio"/> One to five cigarettes per day	<input type="radio"/> About one-half pack per day	<input type="radio"/> About one pack per day	<input type="radio"/> About one and one-half packs per day	<input type="radio"/> Two packs or more per day

26. Have you ever belonged to a gang?	<input type="radio"/> No	<input type="radio"/> No, but would like to	<input type="radio"/> Yes, in the past	<input type="radio"/> Yes, belong now	<input type="radio"/> Yes, but would like to get out
27. If you have ever belonged to a gang, did that gang have a name?	<input type="radio"/> No	<input type="radio"/> Yes	<input type="radio"/> I have never belonged to a gang		

76. If you smoked cigarettes (not just a puff or drag) in the past year, how did you get them? (Choose all that apply.)

- I did not smoke cigarettes in the past year
- I bought them myself **with** a fake ID
- I bought them myself **without** a fake ID
- I got them from someone I know age 21 or older
- I got them from someone I know under age 21
- I got them from my brother or sister
- I got them from home **with** my parents' permission
- I got them from home **without** my parents' permission
- I got them from another relative
- A stranger bought them for me
- I took them from a store or shop
- Other

77. If you used a nicotine (or flavor based) vaping product like e-cigarettes, e-cigars, or e-hookahs (not just a puff or drag) in the past year, how did you get them? (Choose all that apply.)

- I did not use e-cigarettes, e-cigars, or e-hookahs in the past year
- I bought them in a store such as a convenience store, supermarket, discount store, or gas station
- I got them on the Internet
- I got them at a store that sells electronic cigarettes, such as a "vape shop"
- I got them from a family member
- I got them from a friend
- A stranger got them for me
- I took them from a store or shop
- I got them some other way

78. What have been the most important reasons for you to vape? (Choose all that apply.)

- I have not vaped
- To help me quit regular cigarettes
- Because regular cigarette use is not permitted
- To experiment - to see what it's like
- To relax or relieve tension
- To feel good or get high
- Because it looks cool
- To have a good time with my friends
- Because of boredom, nothing else to do
- Because it tastes good
- Because I am "hooked" - I have to have it

79. During the last month, about how many marijuana cigarettes, or the equivalent, did you smoke a day, on the average? (If you shared them with other people, count only the amount YOU smoked.)

- None
- Less than 1 a day
- 1 a day
- 2-3 a day
- 4-6 a day
- 7-10 a day
- 11 or more a day

80. If you used marijuana (weed, pot) (not just a puff or drag) in the past year, how did you get it? (Choose all that apply.)

- I did not use marijuana in the past year
- I bought it myself
- I got it from someone at school
- I got it from someone with a medical marijuana card
- I got it from my brother or sister
- I got it from another relative
- Other

81. If you used a marijuana vaping product in the past year, how did you get it? (Choose all that apply.)

- I did not buy a marijuana vaping product in the past year
- I bought it myself
- I got it from someone at school
- I got it from someone with a medical marijuana card
- I got it from my brother or sister
- I got it from another relative
- Other

82. If you used prescription drugs or over the counter drugs without a doctor telling you to use it or for the purpose of getting high, where did you get these drugs? (Choose all that apply.)

- I did not use prescription drugs or over the counter drugs to get high
- I bought it or took it from a store or shop
- I got it from my parents **with** permission
- I got it from home **without** permission
- I got it from a relative **with** permission
- I got it from a relative **without** permission
- I got it from a friend's home **with** permission
- I got it from a friend's home **without** permission
- I got it from a friend while at school
- I got it from a friend while at a party
- I got it from a friend, elsewhere
- I got it from an internet sale

83. Have you ever injected any illegal drug? (Used a needle to inject any illegal drug into your body, one or more times during your life.)

- No
- Yes

84. How wrong do your friends feel it would be for you to:

- a. have one or two drinks of an alcoholic beverage nearly every day?
- b. smoke tobacco?
- c. smoke marijuana?
- d. use prescription drugs not prescribed to you?
- e. use heroin?
- f. use methamphetamines?

	Very wrong	A little bit wrong	Not at all wrong
a.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
d.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
e.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
f.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

85. How wrong do you feel it would be for your friends to:

	Very wrong	A little bit wrong	Not at all wrong
a. have one or two drinks of an alcoholic beverage nearly every day?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b. smoke tobacco?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c. smoke marijuana?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
d. use prescription drugs not prescribed to you?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
e. use heroin?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
f. use methamphetamines?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

**These questions ask about the neighborhood and community where you live.**

86. How difficult do you think it would be for you to get each of the following types of substances/devices, if you wanted some?

	Probably impossible	Very difficult	Fairly easy	Very easy
a. E-liquid with nicotine (for vaping)?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b. Vaping device used to inhale a mist into the lungs (like an e-pen or e-cigarette)?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

87. If you wanted to get some cigarettes, how easy would it be for you to get some?  
 88. If you wanted to get some beer, wine or hard liquor (for example vodka, whiskey, or gin) how easy would it be for you to get some?

	Very hard	Sort of hard	Sort of easy	Very easy
87. If you wanted to get some cigarettes, how easy would it be for you to get some?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
88. If you wanted to get some beer, wine or hard liquor (for example vodka, whiskey, or gin) how easy would it be for you to get some?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

89. If you wanted to get a drug like cocaine, LSD, or amphetamines, how easy would it be for you to get some?  
 90. If you wanted to get a handgun, how easy would it be for you to get one?  
 91. If you wanted to get some marijuana, how easy would it be for you to get some?  
 92. If you wanted to get prescription drugs for the purpose of getting high, how easy would it be for you to get some?  
 93. If you wanted to get steroids to use or to enhance athletic performance, how easy would it be for you to get some?  
 94. If you wanted to get some vaping products like e-cigarettes, e-cigs, or e-hookahs, how easy would it be for you to get some?

95. During the past 12 months, have you participated in any alcohol prevention programs or seen any alcohol prevention messages in your school or community? (Choose all that apply.)

- Yes, a school-based program focused on preventing underage drinking and/or drinking and driving.
- Yes, a community-based program focused on preventing underage drinking and/or drinking and driving (for example, through your church or temple or through youth groups like Boys and Girls Club or 4-H).
- Yes, a media campaign addressing underage drinking and/or drinking and driving (for example, newspaper ads, posters, pamphlets, radio, TV, billboards, etc.).
- No

**The next few questions ask about your family. When answering these questions please think about the people you consider to be your family, for example, parents, stepparents, grandparents, aunts, uncles, etc.**

96. Have you changed homes in the past year (the last 12 months)?

- No
- Yes

97. How many times have you changed homes since kindergarten?

- Never
- 1 or 2 times
- 3 or 4 times
- 5 or 6 times
- 7 or more times

98. Have you changed schools (including changing from elementary to middle and middle to high school) in the past year?

- No
- Yes

99. How many times have you changed schools since kindergarten (including changing from elementary to middle and middle to high school)?

- Never
- 1 or 2 times
- 3 or 4 times
- 5 or 6 times
- 7 or more times

PLEASE DO NOT WRITE IN THIS AREA

Questions continue on back of page.

## 11. FREQUENCY DISTRIBUTION TABLES

This section contains frequency distribution tables for all questions found on the 2023 Arkansas Prevention Needs Assessment Survey (APNA) Survey. The tables appear in the same order as the questions on the survey. The tables include breakdowns by grade level as well as combined percentages. The *N of Valid* row is a frequency count of the number of valid responses to each question for each grade and overall. The *N of Miss* row is a frequency count of the number of invalid (marked more than one response) or missing (i.e. did not respond) responses to each question for each grade and overall.

For the questions that allowed more than one response (i.e. race, live with, etc.) each response becomes a separate table. If a student did not mark the response, that was counted as a NO response, if they did mark the response, that was counted as a YES response, and if none of the responses were selected each was set to missing.

Table 11.9: Are you:

	Grade 6		Grade 8		Grade 10		Grade 12		Combined	
	County %	State %								
Male	51.3	50.9	48.2	50.6	49.7	49.6	50.7	48.8	49.8	50.2
Female	48.7	49.1	51.8	49.4	50.3	50.4	49.3	51.2	50.2	49.8
